GOWTHAM P

OBJECTIVE

Seeking a position in a company where I can launch my career and build a valuable skill set.

AREA OF INTEREST

- Web Development

PROJECT

• SCHOLARSHIP INFORMATION APPLICATION

- The main objective of our project is to provide information about scholarship to students.
- And also provide guidance to apply for the scholarship.

• SMART MIRROR

- The project is to convert the normal mirror into security device.
- When no one present in home if any motion detected it capture video and sent it to owner through email.

• LET'S CODE

- Let's Code is website similar to Leet Code which contains several problems to solve.
- It also contains a general compiler to solve user own program.

INTERSHIPS

FULL STACK DEVELOPMENT(29.08.2023-29.09.2023)
